**The 59th Annual B&JHS FLOWER SHOW**

Sat 25<sup>th</sup> August 2018 : 1:30 - 4:15pm Village Hall, Johnshaven

## Benholm & Johnshaven Horticultural Society

The B&JHS encourages the growing and cultivation of flowers, fruits and vegetables and the promotion of domestic skills, arts, crafts and photography. Open to all residents of any age who reside in and around Benholm and Johnshaven (an area defined as the Parish), the Society holds annual events and meetings to sustain its objectives.

The Society holds a plant & seed sale, raffle and sells produce in the Hortus Hut. These proceeds, along with the small entry fee for Flower Show entries covers the costs involved in hosting the event each year.

**Here's a few dates for your 2018 diary!**

**May 12: SEED SALE** (Village Hall from 10am-2pm). A variety of potted plants, cuttings and seedlings for sale. Discounted seeds available for order.

**July 23-27: GARDENS JUDGED** (Village Hall from 10am-2pm). If you have entered or have been nominated for the Gardens Competition, the judging takes place during this week.

**August 25th: FLOWER SHOW** (Village Hall from 1.30pm). Teas, Coffees, Raffles, Auction and Prize Giving at 3pm.

**October 27th: PUMPKIN PARTY** (Village Hall from 6.30pm). An annual favourite, party games and grotto, plus prizes for pumpkin growing and carving.

**November (tbc): B&JHS AGM** (Village Hall from 7pm). The annual meeting of the Society where opportunity exists for review and improvement.

If you would like to get involved in the Society activities, please let us know.

**Email Emma (B&JHS secretary) at [pollock@netherbenholm.co.uk](mailto:pollock@netherbenholm.co.uk).**

## Make, Bake and Cultivate!

Every year, our Visitors, Judges and Society Members are overwhelmed by the quality of entries in each of the Flower Show Sections.

The variety of home-grown Vegetables and Flowers continue to astound, even when the season has not been kind to the garden. Creative submissions in Photography and Industrial add an artistic element to the exhibition, and considerable displays of Baking skills test the discerning tastes of the expert visiting Judges.

The climax of the event may be the eagerly anticipated Lemon Curd Cup award, but the highlight has to be the fabulous entries in all Sections by children of all ages.

The Society's Flower Show Trophies bear the familiar names of past winners and hold so many fond memories of those exhibitors who are sadly no longer with us.

### **2019 will be the Show's 60th Anniversary!**

Thinking about the future, the Benholm and Johnshaven Horticultural Society are keen to inspire new exhibitors to make, bake and cultivate for the next 60 years and beyond.

*We hope it will be You and Your Family too!*

So this year, the entry process is a little bit different. Rather than door-to-door sales of the Annual Flower Show Schedule (in return for a yearly Membership fee), **every household has received this FREE copy of the 2018 Schedule.**

Inside this booklet, you will find details on each of the Show categories (Sections A-I). There's plenty of time between now and the Flower Show on August 25th to consider what you might plant and nurture. Perhaps contemplate a craft or take a look at one of your favourite recipes. Get the children involved too!

## Hints for the Flower Show

### FLORAL TERMS

“**Border Bunch**” can be Annuals and/or Perennials of any kind but do not include flowering shrubs.

**Carnations** should not have split calyxes (the green part beneath the petals).

**Gladioli** should not have too much bare stem above the vase. The number of blooms even if not fully out is what counts.

**Pansies** can be plain or “cat’s face” whereas Violas have lines.

**Hybrid Tea Roses** are those with one bloom on the stem.

**Floribundas** are multi-bloomed.

Judges look for those **roses that are high centred and many petalled**, with healthy leaves and no blemishes.

**Pot Plants** should be presented for the show with the dead flowers and leaves removed and without aphids.

**Annuals** are those flowers which are sown and bloom in one season, e.g. Asters, Marigolds (African and French), Godetia, Larkspur, Clarkia or Scotch Marigold (if “double” then no centre should be seen). Although actually Perennial and sometimes treated as Biennial, Antirrhinums are accepted as Annuals.

**Perennials** are those plants which grow year after year but the ones that die down and reappear in Spring are known as Herbaceous. Examples for showing are: Achillea, Phlox, Scabiosa, Coreopsis, Gaillardia, Sidalcea, Thalictrum, Gypsophilla, Rudbeckia and Helenium. All are in flower around show time.

**Bought flowers** can be used in Floral Art Section.
